Art.-No. 1520016

Description

TOP EJECT TINE / 17*145

Highlights

- Soil opened optimally for core processing, thatch removal and top dressing.
- Working depth up to max. 110mm possible.
- Optimal conical tube design.
- Minimal draw-back force. Optimal for lightweight machines.
- Soil surface is not raised.
- Very clean penetration because of continuously closed tool.
- Optimal balance in price-performance ratio.
- Turf can be played on immediately.

Technical data

Tip	STANDARD
Quality	STANDARD
Product Category	Top Eject
Brand	WIEDENMANN
Machinetype	TERRA SPIKE SL6

Unit mm

Tine mount	19,00
Outside diameter	16,90
Inside diameter	13,80
Working depth	110,00

Total length	146,00
Wall thickness	1,40

Unit inch

Tine mount	3/4
Outside diameter	2/3
Inside diameter	0.55
Working depth	4 3/8
Total length	5 3/4
Wall thickness	0.055
